The informative production begins with the story about the miraculous image of Our Lady of Guadalupe and Her intercession in 1531 to end human sacrifice of that era. Our Lady always introduces us to Her son and the presentation moves to the message of Jesus' Divine Mercy and the promises He revealed to St. Faustina in 1931 through an image He personally commanded to be painted. Immersing ourselves in Jesus' Passion, the Holy Shroud that many believe to be the actual burial cloth of Our Lord is introduced showing Jesus' great suffering.

We explain the importance of suffering in our own lives and introduce the correlation between the original "Vilnius" image of Jesus, the Divine Mercy and the Holy Shroud of Turin that Life Foundation discovered in 1997, showing a pictorial representation of the resurrection ~ leading everyone to a greater appreciation of the True Presence of Jesus in the Most Holy Eucharist.
